

30th Annual *Virtual*

Clinical Update in
**GERIATRIC
MEDICINE**

March 31 -
April 1, 2022

Sponsorship & Exhibitor Opportunities

Invitation to Exhibit

We invite your organization to participate as a sponsor or supporter of the [30th Annual Virtual Clinical Update in Geriatric Medicine](#) taking place on March 31 to April 1, 2022.

If your company's target market focuses on the fastest growing segment of the US population- senior citizens over the age of 85, plan on being a part of the conference. Exhibits and Sponsorships are available offering:

- 2-day customizable virtual exhibit booth, which may include: videos, logo, description, documents, links to website, etc.
- In-booth live video chat to interact face-to-face with attendees.
- Ability for attendees to schedule one-on-one meetings with you.
- Ability to message attendees directly who stop by your booth.
- In-booth link for attendees to request information from you.
- Recognition of sponsorship in the virtual event platform.
- Access to the entire course.

This award-winning conference, now in its 29th year, is sponsored by the Pennsylvania Geriatrics Society—Western Division, UPMC/University of Pittsburgh Aging Institute and the University of Pittsburgh along with the University of Pittsburgh School of Medicine Center for Continuing Education in Health Sciences.

To encourage participants to interact with all vendors, we are hosting a gamification component.

Attendees will collect points through various interactions throughout the 2-day event, including visiting with exhibitors. We hope this component will provide a greater level of engagement for vendors.

The attached Annual Clinical Update in Geriatric Medicine's Sponsorship & Exhibitor Opportunities will give you more detail about this unique marketing event. For your convenience, an application for a Virtual Exhibit space is attached. Space and sponsorships are limited so your action is needed as soon as possible.

We look forward to welcoming you to the 30th Annual Clinical Update and provide you with a successful reconnection and engagement opportunity with participants.

Sincerely,

Shuja Hassan, MD

Assistant Professor of Medicine
University of Pittsburgh School of Medicine

Neil M. Resnick, MD

About the Program

This American Geriatric Society (AGS) award-winning local and popular conference is sponsored by the Pennsylvania Geriatrics Society – Western Division, Aging Institute of UPMC

Senior Services and the University of Pittsburgh and the University of Pittsburgh School of Medicine Center for Continuing Education in the Health Sciences. It is a collaborative effort of a multi-disciplinary committee with representatives from the region coming together to provide outstanding and timely education to all geriatric healthcare professionals.

As our population continues to age, we are seeing a tidal wave of older persons in our area hospitals, clinics, and nursing homes. The fastest growing segment of the population are those above the age of 85 years. The purpose of our conference is to provide an evidence based approach to help clinicians take exceptional care of these often frail individuals.

This conference continues to be a well-respected resource for healthcare professionals (representing all disciplines) for over 29 years. What differentiates this course is its focus on common but confounding conditions: those that healthcare

professionals face on a daily basis and for which rapidly evolving research (much done here in Pittsburgh) is revealing new approaches that are feasible for the real world.

Virtual Attendee Demographics

2021 Attendance by Degree	
Physician	181
Physician Assistant	16
Pharmacist	20
Nurse Practitioner	64
Nurse	42
Other Healthcare Professionals	42
Total	365

Support of this event allows your organization to connect with our attendees and increase your exposure to this specialized audience, including key decision makers.

Multiple opportunities throughout the two-day virtual course are provided for maximum return on your investment.

Monetary support of the conference will aid in defraying program costs, including guest speaker honorarium, audio visual services, virtual platform and other expenses, as necessary.
